## News Release

**Contact:** Gary Clark

John E. Timmins, *Commissioner*

HP: (716) 631-3848

**For Release:** Upon Receipt

October 30, 1975  
Press Release: R 1

I thought that it would be helpful for the cover of the first NAHL Press Release to be a letter describing the services and information you may expect to receive from the League Public Relations Office during 1975-76.

Let me first extend my personal apologies for not being able to initiate League Releases at an earlier date. Suffice it to say that there were very large hurdles to be overcome in the transition of the League Office from Albany to Buffalo and in the establishment for the first time of a full-time PR Department at League Headquarters. At any rate, a great deal of thought has gone into what we will be giving you from now on.

Here's what you can expect from the League PR Department in the future:

1. One weekly mailing sent from the League Office on every Tuesday afternoon which will include three releases: a cover release featuring news items and weekly roster changes, a statistical release with statistics complete through Sunday night's games, and a release announcing the NAHL Player of the Week for games of the previous Monday through Sunday.

2. Special releases mailed periodically detailing major

news developments, individual player features, and special statistics and research. (4/2/76)

(All releases will be identified by letter and number consecutively for your filing convenience.)

3. League publications including the 1975 NAHL Yearbook and 1975-76 NAHL Guide - each of which will be available shortly and each of which will be mailed to you as soon as they are printed.

4. Information which will be distributed through each individual team's office via Telex including updated daily standings, updated daily scoring leaders, daily roster changes, and on every Tuesday morning the announcement of the NAHL Player of the Week for release on alternate weeks on Tuesday P.M. or Wednesday A.M.

5. Complete wire service coverage through both AP and UPI including nightly scores and short leads for each game played. If any of you do not receive this coverage please contact me so that I can approach the people who gave me assurance of the services.

If the above should fall short of your expectations, please call me at your earliest convenience with any suggestions which might improve our service to you. And, of course, at any time you have any special needs contact me at our office number or my home number which is (716) 631-3848.

Enclosed please find a starter kit of information that I hope to have to you next year by July!

### JAROS, COMETS BRAWL; COMMISSIONER CRACKS DOWN

The NAHL was faced with still another "incident" in Beauce, this one being far the most serious, when the Comets-Jaros game of Friday, November 7 was halted after two periods of play and declared "no contest" by referee Eric Manship.

Manship's action came after a fight-filled game erupted into a "riot on ice" in the words of Comet General Manager Brian Conacher, as the teams were leaving for the second intermission. Manship later stated, "In my opinion, there was no way we could have played another period of hockey without the good possibility of someone being seriously injured."

The reaction to the brawl by the NAHL League Office was swift and stern. Commissioner Jack Timmins conferred by phone throughout Saturday with Manship and WHA Supervisor of Referees Bob Frampton, and within 24 hours of the game he handed out four indefinite suspensions. Banished were Jaros coach Marc Picard, Jaros players Gilles Bilodeau and Michel Garneau, and Comet player Bob O'Reilly.

Declared Timmins, "We will not tolerate any actions that will diminish the reputation that the NAHL has developed as a professional hockey league."

In the aftermath of the incident, Garneau was placed on waivers and released by the Jaros. Michel Samson, Jaros's Public Relations Director, will serve on an interim basis in Picard's spot behind the Beauce bench. Samson has previously coached in amateur hockey in Quebec.

Commissioner Timmins is pursuing an investigation into the incident in order to set a term for the indefinite suspensions.

### TURNABOUT IS FAIR PLAY

Heading into last weeks play, Philadelphia and Maine were in last place in their respective divisions. Maine had lost ten straight games. Philadelphia had lost eight of ten. But last week both teams showed signs of life, each recording three consecutive wins.

Maine beat Johnstown, Binghamton, and Mohawk Valley at the Central Maine Youth Center by identical scores of 4-3. (The Bingo and MV wins both came in overtime.) Philadelphia topped Buffalo 3-2 before dropping

Erie on consecutive nights by scores of 6-2 and 4-3.

#### CAPE COD SETS RECORD WITH STREAK

The Cape Codders season opening winning streak of seven games and unbeaten streak of eight games both broke standing NAHL records. The 1973-74 Long Island Cougars had established the previous Start of Season record for most consecutive wins with four. The previous record for Start of Season Consecutive Wins without losing was held by the 1974-75 Cape Codders with five (three wins, 2 ties).

\* \* \* \* \*

#### CAPE CODDERS MAKE MAJOR DEALS

Early season success notwithstanding the Cape Codders this week made major moves in an effort to improve an already fine team. On Monday, November 9, they dealt defenseman Mike Penasse to the Philadelphia Firebirds for right wing Mike Boland, a second team all-star in 1974-75. The trade wires had hardly had time to cool down when on Tuesday, they sold former Cape Cod Cub super star Luc Simard to the Beauce Jaros. Simard is also a right wing.

Commented Codders General Manager-Coach Larry Kish, "We gave up a fine player in Penasse in order to get a natural right wing who will give us experience and goal production up front," Kish explained the Simard deal by saying that "Although Luc had already scored eight goals, he had not played well of late. The arrival of Nick Fotiu from the New England Whalers as well as Boland gave us a set lineup up front and Luc became expendable."

Fotiu is another of the players that the Codders have acquired whom they expect to help them in their quest for the Eastern Division Championship. Fotiu was something of a crowd favorite in Hartford last year, but he is returning to the Cape to "give him the experience he needs to improve as a hockey player," according to Kish.

Attached is a list of all player movements made in the NAHL since the rosters dated October 30 were enclosed with release R 1.

### BALANCE TIPS TOWARD HOME TEAMS

With 76 games completed in the 370 game 1975-76 NAHL schedule, the advantage of the home ice is becoming ever so slightly stronger, using last year's record as a standard.

Taking a ratio of points won to possible points, road clubs have a winning percentage of .303 thus far in 1975-76. Their combined record is 21-51-4. Over the course of the entire 1974-75 schedule, road teams established a winning percentage of .318. Moreover, in the first 76 games last year, travellers captured .342 of the potential points available to them with 24 wins and 4 ties. Whether or not last year's pattern of the home advantage becoming stronger as the season progresses is repeated will be an interesting development to monitor.

Erie and Cape Cod are the only teams that remain undefeated at home. Buffalo has won their last 8 after dropping their home opener. Maine and Binghamton are the only teams with less than a .500 home record.

Conversely, Mohawk Valley and Maine are the only teams still winless away from home. Cape Cod is the only team with a .500 plus record mark.

### NEW NAHL RULES HAVE IMPACT

By now everyone must be aware of the new NAHL rules governing misconducts and third men in fights. The exposure given the precedent-setting revisions by both the national and local media has been very gratifying.

The impact those changes make on the play of NAHL games will be closely watched not only by this office but by all of hockey. Hoped for is a considerable decrease in the number of misconduct penalties and also in the average time required to complete league games.

It is too soon to identify the establishment of any pattern,

but it is interesting to note that in the first 11 games for which the new rules were in effect, there were only 2 misconducts called.

\* \* \* \* \*

#### IF THE PLAYERS CAN'T PLAY, SUIT UP THE BRASS

Special mention has to go to Duster Coach Wayne Clairmont and Firebird Trainer David Settlemyre for their unusual and inspired feats of the past Saturday night.

Disgruntled by his team's losing streak, caught short by a steady stream of injuries, and dismayed by his charges' attitude, Clairmont decided to take matters into his own skates. Despite having played in only 4 games in the last 2 years and being retired for 3 of the last 4 seasons, the Coach activated himself. He dressed for a game in Syracuse and played superbly.

"I thought if I went out and bumped a few people it might get the guys going, especially Del and Kelly who had been struggling," described Clairmont. Get them going it did. Clairmont centered for Iannone and Secord and that line scored all 3 goals in a 4-3 loss to the Blazers. Clairmont was credited with 2 assists.

At the same time just 50 miles away in Utica, David Settlemyre was topping Clairmont's gambit. Trainer Settlemyre had been activated as back-up goaltender by Philadelphia when Ron Marlow was injured. Coach Gregg Pilling thought he might stir the Firebirds into playing a tight game by starting Settlemyre on the road against the Comets. Pilling's gamble failed. The teams played wide open hockey all game; the Comets took 47 shots at Settlemyre. So much for strategy.

By the way...Settlemyre stopped 46 of those shots enroute to a 4-1 win over the stunned Comets. Pretty heady stuff for a kid from Greensboro, N.C. who started in hockey as a stickboy for the then EHL Generals.

Settlemyre, Pilling's trainer at both Roanoke Valley and Philly, works out every day with the team and has in the past played a handful of games in both the EHL and NAHL while serving as an emergency back-up. But this was the first time he ever started, finished, and won.

This game is eternally interesting.

### NAHL RULE CHANGES HAVE IMMEDIATE IMPACT; MISCONDUCT PENALTIES TAKE SHARP DIP

The sweeping rule changes instituted by NAHL Commissioner Jack Timmins midway through the current season have had a massive impact on the play of League games.

That unqualified conclusion is drawn from a comparison of the number of penalties incurred under the old rules to the number incurred so far under the rules instituted earlier this fall.

When the NAHL announced its extensive revisions on Thursday, November 13, the announcement was lavished with very generous coverage in both the national and local media in the United States and Canada. Much of the editorial response was favorable. In a few cases it was unfavorable. In short, a great deal of attention and debate was focused on whether the changes would have their intended effect: decreasing gratuitous violence, eliminating abuse of officials, removing dead spots and thus enhancing an already entertaining product.

Sixty-six games of the 1975-76 season had been played, including the "no contest" in Beauce not counted in regular League statistics, prior to the rule revisions. On Tuesday, December 9, the sixty-fourth game under the new rules was completed.

The results are self-explanatory. There were 65 misconducts, 20 game misconducts, 5 match misconducts, and 4 third man infractions, a total of 94, in the first 66 games. In the last 64 games there were 15 misconducts, 7 game misconducts, and 1 match misconduct, a total of 23.

"The changes have unmistakably produced the exact results that we were looking for," declared Timmins after studying the figures. "We could not be more pleased."

One refinement has been made in the misconduct formula since it was originally announced, that dealing with the suspensions for match misconducts. Here once again is the entire formula:

## IMPORTANT NOTICE

The newspapers and broadcast media listed below are regularly receiving statistics, standings and special releases from the League Office via TELEX or TWIX. Approximately 10 to 15 transmissions are sent each week including the following: updated standings sent each morning following game nights; updated League scoring leaders sent at least three times each week in the mid-afternoon; the NAHL Player of the Week announcement sent each Tuesday morning; special releases concerning important news of immediate interest. This service may be expanded to include other features in the near future.

We have included for our TELEX service every member of our mailing list who we know of that has available either TELEX or TWIX. Anyone not included in the list below who can receive TELEXed messages and who would like to be included in our service should please drop us a note. Please include the number and answerback for the station to which you would like the information distributed.

Anyone included on the list below who is not receiving the indicated releases should contact us immediately so that we can try to determine why.

All TELEXed releases will be immediately available to those who do not have either TELEX or TWIX. All transmissions are sent to the offices of each League team and to AP, UPI, and CP simultaneously to their distribution to the rest of the network.

Those without TELEX or TWIX should contact the wire services to which they subscribe to express their desire for coverage of NAHL releases. They should also contact the PR Director of the team they regularly cover to make arrangements to receive all TELEXed information promptly.

With this week's release we are making a slight change in format in consideration of two factors: 1. We simply do not have the staff or resources to undertake more than one mailing per week. 2. Statistics are helpful or useful to some of our media, while others are better served by other information. Therefore, we have decided to send complete statistics, such as we have been doing on a weekly basis, on a semi-weekly basis. On alternate weeks we will issue an "anecdotal" release, of which this is the first one. We feel that the items included will help to keep everyone better informed of what is happening around the League. As always, we would appreciate feedback from you concerning this change of format.

### CONACHER GOES TO OLYMPICS; COMMISSIONER HONORS PROTEST OF PHILLY-BEAUCE GAME

Brian Conacher, General Manager of the Comets, is in Innsbruck, Austria to do color commentary on the telecasts of Olympic Hockey. He was selected by the American Broadcasting Company to join Curt Gowdy on the broadcast team. It will be a homecoming for Conacher who was a star on the Canadian Olympic Team in 1964 when the Winter games were last held in Innsbruck. The television role will not be new to Conacher, who was Sports Director of CKLW-TV in Windsor, Ontario for three years and who was an analyst on the telecasts of the 1972 Team Canada-Russia series.

Commissioner Jack Timmins upheld a protest by Philadelphia of a game won in overtime, 8-7, by the Beauce Jaros on January 29. Philadelphia protested that Dwayne Byers was ineligible to play in the game because of a previously incurred suspension. It was the first such action taken in the NAHL since Maine was forced to forfeit the first three games of 1973-74 again because of the use of an ineligible player. All team and individual records will stand but the game will be listed in the standings as a win for Philadelphia and a loss for Beauce.

Bruce Boudreau of the Johnstown Jets paced the scorers in the NAHL last week. The former Toronto Marlboro had four goals and five assists in the Jets weekend doubleheader with Maine. In close pursuit were Bob Collyard and Paul Larose, each of whom registered eight point weeks.

Jacques Caron played four games, two in the NAHL and two in the WHA, in five nights last week. On Wednesday Caron won for the Cleveland Crusaders in Cincinnati, on Thursday he beat Erie in Syracuse, on Friday in Phoenix, he played the Roadrunners to a tie, and on Sunday he was back in Syracuse for a win over Cape Cod. Crusaders had run into a goaltending crisis with the defection of Gerry Cheevers and an injury to Bob Whidden.

-MORE-

Defenseman Jim Pritchard has relinquished his captaincy of the Erie Blades. He had been Captain of the Cougars/Blades in all three years of their existence. He now is an Alternate Captain along with Skeeter Teal, Brian Marchinko, and George Swarbrick. Pritch is having his best season ever and should easily top his highest previous pro scoring marks.

The Maine Nordiques broke their all-time single game team scoring high in their 13-2 romp over the Dusters on January 28. The 1973-74 Nordiques twice scored eleven goals: December 22 vs. Binghamton and February 3 vs. Cape Cod. In the same game Paul Larose became the third player in seven days to score six assists in a game, duplicating Joe Hardy's and Dan Cowley's record. Eleven different Nordiques scored at least one goal, a new NAHL mark.

Currently the hottest team on home ice is Syracuse. The Blazers have not lost in their last thirteen games at the Onondaga War Memorial, dating back to December 3. The hottest road teams are Johnstown and Beauce who are 5-1-1 and 5-2-0 respectively in their last seven trips.

Cape Cod is wheeling and dealing to maintain their contending status. They swapped their own leading scorer, Robbie Neale, to Erie for wingers Joe Fortunato and Mal Zinger, and cash. More recently they acquired high scoring former National Leaguer Bryan McSheffrey from Buffalo for "future considerations".

WBNG-TV of Binghamton will be doing their first live telecast of a Duster game this season when the Dusters host the Buffalo Norsemen on Sunday, February 8. Last season WBNG telecast several regular season games as well as every game of the final series of the Lockhart Cup Playoffs. Phil Jacobs, Sports Director of WBNG, will be back at the mike for his second season of Duster telecast.

### NAHL COMPLETES DISPERSAL DRAFT COWLEY FIRST OF FOURTEEN CHOSEN

The North American Hockey League completed a dispersal draft of the players of the folded Cape Codders team on the Saturday morning following the team's Friday the 13th demise. The Draft was conducted by League General Managers in two phases. The first round was completed late on Friday afternoon while the succeeding two rounds were not held until the following morning.

A total of fourteen players were selected in the draft, which lasted three rounds. Three teams, Beauce, Johnstown, and Philadelphia, made no selections. Maine, which had acquired Philadelphia's choices in both the first and second rounds, picked five players.

The teams drafted in the inverse order of their standing.

The first player chosen in the draft was defenseman Dan Cowley who was selected by the Maine Nordiques. Later in the opening round the Nords, using Philadelphia's choice, landed John Cunniff. Cunniff, the Codders leading scorer and since January also their player-coach, was the sixth player chosen.

The only active Cape Cod players not chosen were goaltender P. J. Flaherty, who becomes a free agent, and forwards Bryan McSheffrey and Steve Richardson, who were on assignment from major league teams.

Shortly before the draft the rights to three Cape Cod players were assigned to other NAHL teams to complete or negate earlier uncompleted transactions. Defenseman Reg Krezanski was returned to Syracuse as was Raynald Tremblay to Beauce. (Immediately after the draft Beauce traded Tremblay to Erie.) Center Yvan Bouillon was assigned to Maine Nordiques to complete a trade in which Cape Cod owed Maine a player.

NAHL PLAYS TO RECORD CROWDS IN MAJOR LEAGUE ARENAS  
MCCASKILL, TROTTIER SUSPENDED INDEFINITELY

The North American Hockey League played three games in major league buildings during early February with impressive results. On February 7, Philadelphia Firebirds hosted Buffalo Norsemen at the Philadelphia Spectrum before a crowd of 15,105, the largest ever to attend an NAHL game. (The game was part of a day long Philadelphia Flyer promotion.) On February 13, the Norsemen played in the Buffalo Memorial Auditorium against the Mohawk Valley Comets before 5,924 enthusiastic fans, by far the largest home crowd of the Norsemen's short history. On February 16, a Monday night no less, Erie and Beauce attracted 8,396, the third largest crowd in NAHL history, the Quebec Coliseum in Quebec City.

In separate actions, two NAHL coaches, Ted McCaskill of the Mohawk Valley Comets and Guy Trottier of the Buffalo Norsemen, have been suspended indefinitely by Commissioner Jack Timmins effective February 16. McCaskill's suspension resulted from an incident in Binghamton in which he had a on ice altercation with referee Eric Manship. Trottier's suspension was for "conduct unbecoming an NAHL coach and conduct detrimental to the League". Trottier had made remarks to a Buffalo newspaper reporter which led to a full page story in a suburban newspaper indicting the League with unsubstantiated allegations, and in addition to the suspension, Trottier received a \$1000 fine. The Commissioner expected to set definite terms on the suspensions by week's end.

Bruce Boudreau and Henry Taylor of the Johnstown Jets both added to their consecutive game scoring streaks over the week end. Each player assisted once in a 6-4 win over Buffalo to extend their streaks to fifteen and eleven games respectively. Boudreau's streak dates to November 1, 1975 when he scored a goal and two assists against Philadelphia. His streak was interrupted by a two month stay in the WHA, but he has scored in every one of his eleven games since returning to Johnstown.

Jacques Blain of the Maine Nordiques has been lost to the Lewiston club for the balance of the season. Blain underwent surgery to repair torn knee cartilage on February 17.

Gilles Bilodeau broke Nick Fotiu's NAHL season penalty minute record when he gathered twenty-four minutes against Erie in the Quebec City game on February 16. Bilodeau's current sin bin total is 388, compared to Fotiu's old standard of 379.

### HARDY, LAROSE HEAD 1975-76 ALL STARS

Joe Hardy and Paul Larose head the 1975-76 Official North American Hockey League All Star Team announced today at League headquarters by Commissioner Jack Timmins. The team was selected by a vote of the nine NAHL coaches.

Hardy, in the midst of a spectacular record-setting season, received the most points in the All Star balloting. Larose was named to his third consecutive All Star Team and thus became the only player named to the Team in each year of the League's existence. Larose was a second team All Star in 1973-74 and a first team All Star in 1974-75.

There are only three repeaters from the 1974-75 All Star Team on this year's squad: second team defensemen Jim Pritchard and Reg Krezanski, who was a first team selection last year, and second team center Bob Collyard. Second team right wing Luc Simard is a repeater from the 1973-74 team.

Rounding out the fifteen man honor squad are ten newcomers: first teamers Jacques Caron, Jim Cardiff, Larry Mavety, Richard Grenier, Hardy, and Dan Belisle; and second teamers Lynn Zimmerman, Guido Tenesi, Robbie Neale, and Alain Caron. Cardiff was named as second team coach as well as first team defenseman.

The complete team:

FIRST TEAM			SECOND TEAM		
Jacques Caron, Syracuse	G		Lynn Zimmerman, Erie		
Jim Cardiff, Johnstown	D		Jim Pritchard, Erie		
Larry Mavety, Binghamton	D		Reg Krezanski, Syracuse		
			Guido Tenesi, Johnstown		
Richard Grenier, Beauce	LW		Luc Simard, Beauce		
			Robbie Neale, Erie		
Joe Hardy, Beauce	C		Bob Collyard, Philadelphia		
Paul Larose, Maine	RW		Alain Caron, Beauce		

Coaches: Dan Belisle, Syracuse; Jim Cardiff, Johnstown.

### NAHL ANNOUNCES INDIVIDUAL AWARDS

#### MOST VALUABLE PLAYER - JOE HARDY

The North American Hockey League's Most Valuable Player Award has been added to the list of honors bestowed upon Jocelyn (Joe) Hardy for his spectacular 1975-76 Season. The MVP Award is voted for by NAHL Coaches, as are the other individual Awards announced today.

The exploits of the Player-Coach of Eastern Division Champion Beauce Jaros were well documented throughout the season. He of course led the NAHL in scoring, setting League and professional records for both Assists and Total Points. He was named NAHL First Team All Star Center in an earlier vote of the Coaches. "Hockey News" named him its Minor League Player of the Year, breaking a tradition of honoring only American and Central League players.

Hardy is a thirty year old native of Kenogami, Quebec. He stands 6'1" and weighs 190 pounds.

#### OUTSTANDING DEFENSEMAN - JIM CARDIFF

Jim Cardiff of Johnstown Jets, another Player-Coach, is the recipient of the North American Hockey League's Outstanding Defenseman Award.

Cardiff was a consummate leader for Johnstown, the regular season champs in the Western Division. He ably filled a myriad of roles.

Jim came to the NAHL with a ten year professional background as a "defensive" blueliner and an "enforcer" (for eight consecutive years he totaled over 100 penalty minutes). In his first NAHL season, he substantiated his reputation as both. No NAHL rearguard was craftier in his own zone; he was superb when the Jets were shorthanded. And despite being only 5'9" and 165 pounds, Cardiff stood firm in the rugged NAHL: only two Jets had more penalty minutes or more major penalties.

As if those qualities were insufficient, Cardiff also proved a strong puckhandler. He was the ninth leading scoring Defenseman in the League. Only two Defensemen had more than Jim's 52 Assists.

Like Hardy, Cardiff was a 1975-76 First Team NAHL All Star.

ROOKIE OF THE YEAR - HENRY TAYLOR

Henry Taylor, Johnstown's leading scorer, has been selected Rookie of the Year in the North American Hockey League.

Taylor set NAHL records for a first year player with 50 goals, which shattered the previous high of 32, and 93 points, which broke by 5 the standard set in 1974-75 by teammate Steve Carlson. Taylor scored 7 shorthanded goals, a figure topped in the League only by Richard Grenier and Joe Hardy.

Significantly, both Taylor and his top rival for rookie laurels Richie Hansen, who Taylor edged by one vote in the balloting, are American born. Taylor was born in Oakland, California and played Minor Junior Hockey for teams in the Berkeley area. He migrated North, played one season of Tier One Junior in the WCHL, and last season competed for the St. Paul Vulcans of the MWJHL, an American circuit with a growing reputation in pro circles.

LEONARD GAGNON TROPHY - LUC SIMARD

Luc Simard is the winner of the Gagnon Trophy, named in memory of the NAHL's first Referee in Chief. The award is given to the player who best combines effective performance and sportsmanship.

Simard's season statistics describe his credentials for the Gagnon Trophy perfectly: 73 goals, 76 assists, 149 points, and only 8 penalty minutes.

Simard was shifted at midseason to Left Wing from his more familiar Right Wing, but he adjusted instantly. He ranked third in the League in both goals and total points. He was one of three Jaros who scored over 70 goals and who bested the previous League goal scoring record held by Simard himself.

Simard was acquired by Beauce from Cape Codders in a cash transaction ten games into the 1975-76 season. He justified General Manager Andre Veilleux's deal by being named Second Team All Star, behind teammate Richard Grenier.

AWARD WINNERS FINAL STATISTICS

Joe Hardy	72	60	148	208	98
Jim Cardiff	72	5	52	57	135
Henry Taylor	69	50	43	93	33
Luc Simard	70	73	76	149	8

COMPLETE LIST OF PAST AND CURRENT WINNERS:

Most Valuable Player	1973-74	Butch Barber, Syracuse
	1974-75	Rod Bloomfield, Binghamton
	1975-76	Joe Hardy, Beauce
Outstanding Defenseman	1973-74	Butch Barber, Syracuse
	1974-75	Gerry Methe, Cape Cod

GOVERNORS RECESS ANNUAL MEETING, NORSEMEN PENALIZED,  
TIMMINS REHIRED, ROCHELEAU ELECTED, PILLING HONORED

### ANNUAL MEETING IN RECESS UNTIL JUNE

The North American Hockey League began its Annual Meeting as scheduled on May 14 in Cooperstown, New York. The Governors and General Managers completed much of the work on hand in three days of lengthy sessions, yet still decided to recess the meeting rather than attempt to complete its agenda.

The meeting will be reconvened in late June, specific date and site to be determined.

Two reasons were given for the decision to recess. First, the Governors wanted more time to consider recommendations of the By-Laws Committee and the Rules Committee. Second, the Governors felt that they should review the results of the NHL and WHA meetings before finalizing their own decisions.

### NORSEMEN PENALIZED FOR PLAYOFF FORFEIT

The first item on the Meeting agenda was a petition by the Johnstown Jets concerning the Buffalo-Johnstown playoff series. Arguments were heard by the Governors who then announced strong disciplinary action against the Norsemen.

Johnstown's petition brought charges against the Norsemen as a result of the Norsemen's forfeiture of the deciding game of the Quarter Final series between the two teams on March 27.

The Governors found the Norsemen guilty of violating the League's Constitution by failing to ice their team. They were ordered to compensate the Jets for their loss and in addition were assessed a substantial fine.

The Norsemen later posted their League-required performance bond for 1976-77 and remain members in good standing of the NAHL.

### GOVERNORS RENEW COMMISSIONER'S CONTRACT, ELECT NEW OFFICERS

In other business at Cooperstown, the League completed its executive lineup for the coming year. The contract of Commissioner Jack Timmins was renewed by unanimous vote of the Governors. The Board also inducted a new slate of officers. William Rocheleau, Jr. President of the Maine Nordiques, is the new President of the League. Jerre Lieberman of Philadelphia is Vice President, Victor Ehre of Mohawk Valley will serve a second term as Treasurer, and Robert Rosenthal of Erie is the new Secretary. Ehre is also the outgoing President who chaired the Cooperstown meeting.

### PILLING NAMED GM OF YEAR, SHARES AWARD WITH KEENAN

The General Manager of the Year Award, voted annually by the Owners and General Managers, went to Gregg Pilling of the Firebirds.

In response to his selection, Pilling commented, "I can accept this Award only if I share it with Frank Keenan (Executive Vice President of the Firebirds). Nobody worked harder for our success than Frank and he deserves the honor as much as anyone."

At Gregg's request he and Frank Keenan will be listed as co-winners

With the award goes a five hundred dollar grant from the Governors toward a vacation for Gregg and his family.

NAHL GOVERNORS TO MEET IN PHILADELPHIA,  
NORSEMEN SUSPEND OPERATIONS, EIGHT TEAM SCHEDULE DRAWN,  
ALAIN CARON STRICKEN.

### NAHL TO RECONVENE ANNUAL MEETING

The North American Hockey League will conclude its Annual Meeting on July 15, 16 and 17 in Philadelphia, home of the 1976 Lockhart Cup Champion Firebirds.

The League initially met on May 14, 15 and 16 in Cooperstown, New York. At that time the Governors opted to adjourn rather than complete their planned agenda.

Among the business items scheduled to be completed in Philadelphia are the approval of the 1976-77 schedule and the ratification of changes recommended by the Rules Committee.

### NORSEMEN APPLY FOR ABEYANCE

The Buffalo Norsemen have applied to the NAHL Board of Governors to suspend operations for the 1976-77 season. Action is expected on their application at the Philadelphia Meeting.

Under the NAHL Constitution a member may suspend operations by notifying the League in writing of its intentions before the annual meeting and by paying a non-refundable fee of \$2,500.00. Should the member wish to continue the abeyance of its franchise in subsequent years, it may do so at the additional annual fee of \$2,500.00.

The Norsemen had announced at the Cooperstown Meeting their intention of being active members of the NAHL in 1976-77. They were planning on playing a partial home schedule at the Buffalo Memorial Auditorium, where they drew well in two regular season and one playoff game last year. However, the uncertainty of the status of the Buffalo Braves of the NBA apparently made it impossible for the Norsemen to secure the needed Auditorium dates. The Norsemen were not represented at an NAHL scheduling meeting held in Syracuse on June 14 and 15.

The Norsemen were an NAHL expansion team in 1975-76. They finished in fourth place in the Western Division with a record of 30-44-0. They bowed out of the playoffs in a first round loss to the Johnstown Jets.

#### TENTATIVE 1976-77 SCHEDULE DRAFTED

A tentative eight team 1976-77 schedule has been drafted by NAHL General Managers. The drafting of the schedule was conducted at a meeting held in Syracuse on June 14 and 15.

The proposed schedule awaits the approval of the Board of Governors, an action expected at the Philadelphia Meeting.

The schedule follows NAHL tradition by listing 74 games for each team. The regular season would open on Friday, October 22, and close on Thursday, March 17.

The format would be exactly the same as used two years ago when the NAHL was last an eight team league. Each team is scheduled against six opponents ten times apiece; natural rivals are scheduled against each other fourteen times. The pairings for natural rivalries are: Erie-Johnstown, Binghamton-Philadelphia, Mohawk Valley-Syracuse, Beauce-Maine.

#### CARON SUFFERS HEART ATTACK

Alain "Boom Boom" Caron, a second team NAHL All Star with the Beauce Jaros in 1975-76, is recovering from a heart attack that he suffered in late May. Caron is currently in a four month recuperation program, and he will probably be unable to continue his playing career, according to Jaros owner-general manager Andre Veilleux.

Veilleux, citing Caron's popularity in Beauce, added that the Jaros would like to keep the "Boomer" in their organization in a promotional capacity in the event that he is not able to play.

Caron, now 38 years old, set a professional record in 1975-76 with 78 goals scored during the regular season. Of those, 19 were scored on the power play, which Caron piloted from the right point.

### NAHL CO-PLAYERS OF THE WEEK JACQUES CARON, LYNN ZIMMERMAN

When Erie and Syracuse signed Lynn Zimmerman and Jacques Caron they both anticipated being strong in the nets. Strong in the nets is exactly what Zimmerman and Caron were in the first week of the North American Hockey League season. So strong in fact that they have been named NAHL Co-Players of the Week for the first week of 1975-76.

There has been little to choose between the two veteran goaltenders performances thus far. Their statistics have been remarkably similar. Each played in five games; each had four wins. Each posted one shutout, the only shutouts of the young season. Each propelled his team to strong second place spots in the standings. Caron's goals against average was 1.74 while Zimmerman's was 1.80.

Choose one over the other? We couldn't. Thus Jacques Caron and Lynn Zimmerman are the NAHL Co-Players of the Week for October 17 thru October 26.

### NAHL PLAYER OF THE WEEK OCTOBER 27 - NOVEMBER 2 REG KREZANSKI

The Cape Codders have set an all time NAHL record for consecutive wins at the start of a season. Last week they rolled to wins six and seven and the man most responsible for those two victories was defenseman Reg Krezanski. For his superlative performance Krezanski has been named NAHL Player of the Week.

In Cape Cod's 4-2 win over Mohawk Valley on Wednesday the three-year NAHL veteran almost singlehandedly kept the Codders in the game. Tied 2-2 in the third period, the Codders killed off a two man disadvantage during which Reg blocked five Comet shots. Later he set up the clinching goal with a feed to John Cunniff. On Friday the Codders hosted Krezanski's former team, the Syracuse Blazers, and Krezanski was again the catalyst in a 5-1 win. He scored the game's first goal with only twenty seconds left in the first period. The fired up Codders came out to score two more in the opening minutes of period two. Krezanski himself capped off the scoring with his second goal on a third period power play.

He was a first team all star in 1974-75 and if the week of October 27 through November 2 is any indication, NAHL Player of the Week Reg Krezanski is well on his way to duplicating that status in 1975-76.

### NAHL PLAYER OF THE WEEK

NOVEMBER 3 - NOVEMBER 9

MICHEL PLANTE

The Philadelphia Firebirds were considered a contender before the start of 1975-76 off to their strong second place finish last year and the return of many of their 1974-75 stars. Yet after ten games the Birds were grounded with but two wins in ten games and a last place standing in the NAHL's Western Division.

Last week the Birds took off winning three in a row and center Michel Plante was instrumental in the turnaround. Plante contributed five goals and six assists to the Philly surge. Four of his five goals came on powerplay goals in only thirteen games this season. That equals the season team mark set by Bob Collyard last year.

For his top notch performance during the week of November 3 through November 9, Michel Plante has been named as the North American Hockey League Player of the Week.

### NAHL PLAYER OF THE WEEK NOVEMBER 10 - NOVEMBER 16 LARRY GOULD

The Buffalo Norsemen have what is now the most potent offense in the North American Hockey League. In three games last week the Norsemen scored eighteen goals to raise their league leading total of goals scored to seventy-eight.

The major portion of Buffalo's firepower has been generated by their number one line of Larry Gould, Steve Atkinson, and Bryan McSheffrey. Last week it was Gould who showed the way by scoring eleven points in the Buffs three encounters.

Larry began his big week with a six point performance against the Beauce Jaros. He scored one powerplay goal, one unassisted shorthanded goal, and one evenhanded goal for a hat trick, plus added three assists. He closed his week by assisting on three goals, including the tying and go-ahead goals, in a 4-3 win in Maine.

Larry Gould's eleven point week was enough to move him up to second place in the NAHL scoring race, and it was more than enough to make him the North American Hockey League Player of the Week for the week of November 10 thru November 16.

### NAHL PLAYER OF THE WEEK NOVEMBER 24 - NOVEMBER 30 LOU LEVASSEUR

The North American Hockey League Player of the Week award is designed to be just that, an honor for the top performance of the previous calendar week. But this week's award goes beyond that.

It does honor a fine performance in a Thanksgiving week during which there were hat tricks aplenty and during which Mohawk Valley GM Brian Conacher made an inspirational comeback from a two and one half year retirement.

But it also honors the fact that the winner's accomplishments only culminated a recent performance that has driven his team to a commanding divisional lead.

The player? Johnstown Jet goaltender Lou Levasseur.

Levasseur's week was indeed a fine one. Two starts. A shutout on the road against Mohawk Valley. A win at home against Erie. But also consider this: The Jets have now won eight times in a row; Levasseur was in the nets for five of those including two on the road. Levasseur has started thirteen times on the season. He has won twelve of those. He was tied once. He has yet to lose.

Lou Levasseur had a fine week. He has had a fine season. He deserves to be honored. He is the North American Hockey League Player of the Week for the week of November 24 thru November 30.

### NAHL PLAYER OF THE WEEK

DECEMBER 1 - DECEMBER 7

DAVE STAFFEN

Does a player who has scored ten goals in his last six games sound like a legitimate Player of the Week? That is exactly the tear that young left wing Dave Staffen completed this past weekend with three more scores in a two game home stand at the Erie County Fieldhouse.

Actually Staffen's blistering pace extends farther back than that. Through games of November 16 Dave had connected only four times in fifteen games. Even though he had tallied thirty-seven goals in the International Hockey League in 1974-75, his first season out of the junior ranks, some were wondering if the step up to the NAHL might be too big for him.

There are no more doubts now. Staffen has scored fourteen times in his last eleven games, thirteen times in his last nine, in addition to ten in six. And Staffen is not simply finishing off someone else's plays. Virtually every one of his scores has come on one of his booming slappers from forty or more feet out. His coach with the Blades, Nick Polano, claims that he beat Jim Pettie of the Dusters with a shot that no one in the Broome County Arena ever saw.

Sound like a tall story? Tell that to Yves Archambault, Michel Dion, Bill Cheropita, Les Binkley, Lou Levasseur, Rejean Lemelin, Pettie, Ron Docken, and Ron Marlow. They are the goalies who have faced Staffen in his last nine games. Not one of them was able to keep the youngster off the scoreboard. Dave Staffen is a very worthy North American Hockey League Player of the Week for the week of December 1 through December 7.

### NAHL PLAYER OF THE WEEK DECEMBER 8 - DECEMBER 14 RICHARD GRENIER

Richard Grenier of the Beauce Jaros began the 1975-76 season playing a new position, left wing, and playing without a major league contract for the first time since he was drafted and signed by the New York Islanders three years ago. He adjusted well. Through the first six weeks of the season he scored 17 goals.

Two weeks ago Grenier was returned to his natural center slot, and his scoring pace turned from hot to blistering. Last week the 23 year old Montreal native scored 6 goals and 5 assists in four games. He was instrumental in helping the Jaros to extend their winning streak to nine consecutive games.

Perhaps a measure of any center's play equal to his own scoring totals is the performance of his linemates. Grenier has been in the pivot for wingers Luc Simard and Jim Troy and those two have been nearly as hot as their linemate.

Simard picked up 9 points last week to vault into the tenth spot of the NAHL scoring race. But even more startling was Troy's improvement. He entered the week with 8 points in nineteen games and ended it with 18 in twenty-three. Both Simard and Troy tied an NAHL record with 5 assists in a single game in an 11-6 victory in Maine.

The return to center has been a productive move for Richard Grenier. All that remains is for his name to return to a major league contract. Should there be many more weeks like December 8 through December 14 for the North American Hockey League Player of the Week it will be inevitable.

NAHL PLAYER OF THE WEEK  
DECEMBER 15 - DECEMBER 21  
STEVE ATKINSON

The captain of the Buffalo Norsemen, Steve Atkinson, has meritted Player of the Week consideration several times this season. Off of his last week's performance his selection this time is unavoidable.

The statistics speak for themselves: Four games, three Buffalo wins, six goals, four assists, ten points. But they do not accurately describe Atkinson's total contributions to his club.

Prior to 1975-76 Atkinson had spent the bulk of his career playing right wing. This season he was asked to tackle a new spot, center. He handled his assignment well enough to lead the League in scoring and spur the Norsemen to nine wins in eleven games early in the season,

More recently, manpower shortages at defense have caused Guy Trottier to call on Atkinson to take an odd shift at the blueline. Last week Atkinson found himself playing three different positions: defense, center, and point on the power play. In addition, he took his usual turns killing penalties.

Despite it all he managed the six goal performance. One of his four assists came on a key faceoff in overtime against Mohawk Valley, which he drew to Larry Gould for the game winning goal.

Steve Atkinson's selection as North American Hockey League Player of the Week is probably long overdue, but because of his do-everything performance of December 15 through December 21 he is finally receiving the recognition that he has deserved.

NAHL PLAYER OF THE WEEK  
DECEMBER 22 - JANUARY 4  
BOBBY JONES

Bobby Jones led the North American Hockey League in scoring last year when his 114 points were instrumental to the Syracuse Blazers second consecutive regular season title.

At the beginning of the current season the Comets traded their 1974-75 captain Doug Brindley to Syracuse for the rights to the former Blazer captain (Jones was then assigned to the Comets by the Indianapolis Racers). The Comets had visions of a championship and scoring champion of their own.

But Jones did not start well and neither did the Comets, although the club's bad start was not Bobby's fault. Through his first eighteen games Jones had seven goals and seven assists, not a bad total but not the production expected of him.

Then on November 30 the Comets acquired right wing Frank Hamill and paired him with Jones. Ever since that time Bobby has been on a scoring rampage. That night against Buffalo he scored a hat trick. More recently he has had fourteen points in his last six games, culminated by another three goal performance at Beauce this past Sunday.

His season totals now stand at 22 goals and 28 assists in 34 games. His surge has moved him into 13th place among NAHL scoring leaders and not coincidentally the Comets have been doing a bit better of late as well.

All of which marks Comets center and captain Bobby Jones as the NAHL Player of the Week for December 22 through January 4.

**Note:** Because of the holiday breaks in the NAHL schedule this award covers a two week period.

### NAHL PLAYER OF THE WEEK

JANUARY 19 - JANUARY 25

DAN COWLEY

In his three years in the North American Hockey League Dan Cowley has always been a steady performer but never a spectacular one. More often than not his role with Cape Cod has been to be a spear carrier at defense for "name" blueliners like Reg Krezanski, Alan Hangsleben, Gerry Methe, and Mike DeMarco, and to take an occasional shift at forward. With Krezanski, Marty Gateman, Methe, and Blaine Rydman on the Cape's roster at the start of 1975-76, it appeared that Cowley's role would be no different this time around.

Times have changed. Dan has been taking a very deserved regular turn and is proving that he never deserved to be labelled a utility player.

On Saturday Cowley firmly established himself as a "star" when he tied an NAHL record set just forty-eight hours earlier by Joe Hardy. Dan collected six assists in his team's 12-5 win over Maine. From Hardy, hardly surprising; from Cowley, a revelation.

Most importantly Cowley's eight assists and usual steady defensive work during the week helped to return Cape Cod to the level of play they had known before their December crisis.

In the aftermath of that crisis the Codders lost both Methe and Gateman. With Dan Cowley, the North American Hockey League Player of the Week for January 19 through January 25, they are getting along just fine.

### NAHL PLAYER OF THE WEEK JANUARY 26 - FEBRUARY 1 JOE HARDY

Amazing as it may seem, there have been thirteen previous Player of the Week honorees and Joe Hardy has not been one of them. It is arguable that Hardy could have and should have won the award every time it was announced.

This week he has.

Ironically there have been many weeks when he scored more points. The Jaros played but one game last week, Thursday against Philadelphia, therefore Hardy collected "only" five points (one goal, four assists). His accomplishments can be defined by realizing that a five point game for the veteran center no longer catches the eye. It has become routine, expected. There have been so many that they have become numbing.

But this five point game was special. When Joe set up Boom Boom Caron for a score at 8:15 in the second period it was his 125th point of the season, setting a new NAHL record. When the game was over his new record stood at 128 points. He has twenty-seven games to better it.

Joe Hardy has to be the favorite contender for NAHL Player of the Year. This record setting week of January 26 through February 1 is an opportune time to finally recognize him as North American Hockey League Player of the Week.

NAHL PLAYER OF THE WEEK  
FEBRUARY 2 - FEBRUARY 8  
TIM SANCHE, LARRY MAVETY

For the second time this season, the North American Hockey League is naming Co-Players of the Week. Larry Mavety and Tim Sanche contrast one another in many ways but last week their accomplishments were so similar there was little to choose between the two.

Larry Mavety is a thirty-three year old veteran playing with his thirteenth professional team in his thirteenth professional season. He is a two time all-star in both the Western and International Hockey Leagues. He has played in 238 World Hockey Association games.

Since joining the Binghamton Dusters, Mavety has been credited with being a major factor in the Dusters' late season surge. His contributions to the surge were never more poignant than in Sunday's all important game against Buffalo. He opened the scoring for the Dusters late in the first period. He scored the last three Duster goals. With twenty-five seconds left in the game he scored the goal which tied the contest at 5-5 and sent it into overtime. In the overtime he scored the goal that ended the game. When it was over Mavety had collected four goals, the most ever scored by a defenseman in the NAHL.

Tim Sanche is an unheralded twenty year old rookie. The Blazers black and gold is the only professional sweater that he has ever worn. He was never much of a scorer in Juniors; he netted only seven goals in two years with the Medicine Hat Tigers, where he was defensemate of the more celebrated Bryan Maxwell.

But Sanche has made the most of his pro opportunity. Like Mavety, Sanche has been credited with helping to make the Blazers a formidable contender. Last week Sanche's play turned from steady to eye opening. He scored six goals over a four game period.

PAGE TWO

Included was a hat trick against Maine, the first by a Syracuse defenseman this season, a go ahead goal in a game eventually lost to Beauce, and the tying goal in a game won against Mohawk Valley.

Mavety and Sanche may be opposites. But their performances attracted enough attention last week to earn them the designation of NAHL Co-Players of the Week of February 2 through February 8.

NAHL PLAYER OF THE WEEK  
FEBRUARY 9 - FEBRUARY 15  
MICHEL PLANTE

For the first time since the North American Hockey League began recognizing a Player of the Week it has a two-time winner. Michel Plante, who first won the award in early November, is again being honored as the League's weekly star.

The Philadelphia center's statistics tell the whole story. Four games played, all of which were won by Philadelphia. Six goals and six assists. Two game winning goals. Five game winning goals in the Firebird's last seven games. A six point game against Binghamton that tied a team record. A week in which he tied or set Firebird's season records for goals scored (42), power play goals (14), and game winning goals (9).

In addition he has climbed into sixth place among the NAHL scoring leaders with 91 points. His 42 goals are the fifth highest total in the League, behind only four Beauce players in this year of the Jaro.

Some player's contributions can be measured only in terms of intangibles. At least for last week, such is not the case for Michel Plante. The two year Firebird veteran, who also logged a full season at the Civic Center with the WHA Philadelphia Blazers, is very obvious the choice for North American Hockey League Player of the Week for February 9 through February 15.

NAHL PLAYER OF THE WEEK  
FEBRUARY 16 - FEBRUARY 22  
FRANK HAMILL

Right winger Frank Hamill of the Mohawk Valley Comets is waging a personal comeback. One of only eighteen "originals" who have been in the NAHL continuously since day one of the League in October of 1973, Hamill fell from stardom in 1973-74 to the obscurity of a utility role in 1974-75 to the near extinction of his career in 1975-76. Given the opportunity, he has fought back. Last week that fight culminated in the finest week of his pro career, six goals and eight assists in four games.

Entering this season the former Montreal Canadiens draft choice ranked eighth in NAHL career assists, seventh in career points, and had played in more games than any other NAHL player. But Hamill's NAHL career had not been entirely smooth. In his first season, playing with Binghamton, he was the twelfth leading scorer in the League. Last season though he was removed from the Dusters' number one line. Often doing no more than killing penalties, his scoring fell from his 1973-74 total of 87 points to only 44 points. Early this season the Dusters decided they wanted more heft on the front lines than the 5'7" 165 pounder could provide. They sold him conditionally to Erie. After five games Erie returned him. His career was at a standstill.

Enter the Comets. Mohawk Valley signed him, placed him on a line with their top center, and have benefitted from his contributions from the very first day. His fourteen point week has moved him into fifteenth spot in the NAHL scoring race, despite the fact that he never landed a regular job until the 22nd game of the season. He has scored more points than any player for either of the teams that unloaded him. Frank Hamill has earned his award as Player of the Week of February 16 through February 22.

NAHL PLAYER OF THE WEEK  
FEBRUARY 23 - FEBRUARY 29  
ROBBIE NEALE

The Erie Blades, currently riding a streak of nine wins in twelve games, are the hottest team in the North American Hockey League and one of the big reasons for it is that they have the hottest player in the League in Robbie Neale. Last week Neale produced his biggest week of the season and in so doing has earned his first NAHL Player of the Week Award.

Left wing Neale scored six goals and nine assists in his last three games of the week, all Blades wins. Neale was just continuing the blistering pace he has set ever since coming to the Blades from Cape Cod in late January. In his last fifteen games he has scored thirty six points, exactly the same pace set by record setter Joe Hardy over his last fifteen games.

What has the addition of Neale meant to the Blades? Prior to his acquisition the Blades had scored 193 times in 50 games, an average of 3.86 goals per game. During the team's twelve game spurt they have scored 64 goals, an average of 5.33.

Perhaps the only surprise in Neale's performance is that it took so long to materialize. The third round Detroit draft choice was a highly sought after Junior when he graduated from Brandon Wheat Kings three years ago. The 113 points (good for fifth place in the NAHL scoring race) that he has scored this season match the potential that many thought he had then. Should there continue to be Robbie Neale weeks like February 23 thru February 29, he might not be around to win many more NAHL Player of the Week Awards.

### NAHL PLAYER OF THE WEEK

MARCH 1 - MARCH 7

JOE HARDY

Joe Hardy is the North American Hockey League Player of the Week for the second time this season. The Beauce Jaros center-coach was previously honored for his play during the last week in January.

A matter-of-fact statement. What is left to be said about the peerless Joe Hardy? What superlatives have not already been used? Again and again.

Of his play last week we can say that there was nothing unusual about it. For Hardy that is. Eighteen points in three games would be unimaginable for any other player besides "Gypsy Joe". For two and one half seasons no NAHL player had ever recorded six assists in a single game. Hardy has now done it twice in less than two months, his second time coming against Buffalo last Sunday night. In that game he also matched his own league record for most points in a single game--eight.

So on we go. Hardy now has 188 points on the season. His assists alone, 131, surpass any previous point record established in minor professional hockey (NAHL, AHL, CHL, WHL, SHL). Imagine what his point total would be if he only had more goals. After all he only has 57.

Joe Hardy, incomparable in this or any other week, is the North American Hockey League Player of the week of March 1 thru March 7.

To: All NAHL Media People

The North American Hockey League has scheduled its Annual Meeting for the weekend of May 14 through 16 at Cooperstown, New York.

Past Annual Meetings have always produced much that was newsworthy. Accordingly, we would like to invite all of our media people to be on hand in Cooperstown for this year's gathering.

We have not yet set any formal agenda for the media people who attend, but we will gear activities to the size of the turnout.

We would suggest that you arrive on Saturday morning, May 15. All arriving media will be briefed regarding the developments of the previous day. Further briefings or press conferences will be held as warranted. Other activities, depending on attendance, might include a group discussion between the general managers and the media, exchanging ideas on their respective needs.

In short the weekend will be a good chance for some relaxation in a superb setting, for coverage of one of the major events on the NAHL calendar, and for all of us to be together to swap thoughts.

Accommodations may be arranged for at the Otesaga Hotel in Cooperstown (dutch treat!). The Otesaga will be the site of the meetings.

If you are thinking of coming, please give me a call at our office number (716-633-7387). Looking forward to hearing from you and seeing you at Cooperstown.

Sincerely,

Gary C. Clark  
Public Relations Director

Enclosed please find both the 1975 NAHL YEARBOOK and the 1975-76 NAHL MEDIA GUIDE.

We hope that each publication will prove useful to you in your relationship with our league. We would appreciate any suggestions that you might have for additions or revisions that you would like to see in future editions.

Would you also consider making your viewers, listeners, or readers aware that the books are available to them directly from our offices or from the individual teams.

They can be obtained from our offices by writing to NAHL Publications, 30 Cayuga Road, Williamsville, New York, 14221. The price of the YEARBOOK is \$2.50, which includes postage and handling, while the price of the GUIDE is \$1.50.

Again we hope you enjoy the books and we are looking forward to hearing your thoughts on them.
